

F.Dick Knives

Premium quality blade shapes
for all areas in the food industry

eko SOLUTIONS™

F.Dick knives, steels, butchers' tools and sharpening machines benefit people in the food industry because they are premium quality products at affordable prices.

- ✓ Established over 230 years ago and still family owned.
- ✓ Internationally respected for their quality.
- ✓ Knife blades of superb quality steel which holds its edge.
- ✓ A blade shape to suit every purpose.

CATALOGUE PAGE NUMBERS
4 & 5, 11 & 12, 16, 18, 21,
23, 26, 28, 32.

Special Features / Products

(Yellow highlighting in the tables to help you find these special products quickly)

XXL Handle

New XXL handle prevents 'run-ons', note the extra depth to the finger-guard.

8-2991-13XXL

Fluted Blade

Fluted blade knives create an air cushion between the blade and the meat which reduces friction and arm and muscle tension.

8-6991-15K

Hollow-Ground Blades

Hollow-ground blades help the knife penetrate more deeply and delay the formation of a 'shoulder'. Hollow-grinding also reduces the effort required and therefore the likelihood of stress injuries.

8-2991-13HG

SaniGrip Handle

Safe, anti-slip handle with velvety surface. Hygiene in the workplace is enhanced by durable anti-bacterial protection in the handle material.

8-6991-15

See over for codes and descriptions.
